

Pictures of Jesus

The Physician

Jesus heals a paralyzed person

Jesus gives a blind man his sight

Luke 5:31 | “It is not the healthy who need a physician (*doctor*) but the sick. I have not come to call the righteous but sinners to repentance.”

Luke 9:11 | “The crowds learned that (*Jesus was in Bethsaida*) and followed him. He welcomed them and spoke to them about the kingdom of God and healed those who needed healing.”

There are many wonderful picture names that have been used to describe Jesus. One very nice picture of Jesus is that of a physician (doctor).

As Jesus went around from town to town preaching the good news of salvation, He saw many people who were sick. Jesus took pity on many of these people and cured them of their illness. Some had fevers, some were blind, some were deaf, some had skin diseases and some were possessed by demons. Jesus has the power to cure all illness and did this many times.

Jesus also cured many people to show others that He had this great power and could do even more. Jesus could cure us of sin. When Jesus forgave sins, some who saw this were angry. They did not believe that Jesus could do this. To prove that Jesus had the power of God, He cured people that no one else could cure such as people who were born blind. This not only helped the sick person but it also helped many others to see that Jesus was one who could save them.

Jesus came to earth to save us from our sins and eternal punishment. His love was so great that He also saved many from terrible sickness. These people had no hope of being cured until Jesus cured them. Not only did this help the sick believe in Jesus as their Savior, but it also helped many others who saw these miracles to also believe.

Jesus used the example of the sick needing a doctor to teach people that sinners needed to be cured as well. No one was without sin except for Jesus. Jesus had the power to cure the body and the soul and He used this power to save all who would believe in Him.

PRAYER TIME

Thank you Jesus for caring about us so much that You saved us from our sins. Like a doctor cures the sick, You cured us all from the sins that make our souls sick. Help us to always look to You for help when we are sick in body or soul. Amen
